General Ordering Information

Collins Supply accepts orders via our website, via email, fax or our favorite - telephone calls. We're old-fashioned like that - and our customer service team sets us apart from most distributors. Many of our customers know us on a first name basis.

Edge Banding Characteristics

All of our edge banding is North American or European-made. We stock over 1,000 different PVC colors, ranging in size from .018 - 3MM thick by 5/8" - 1-5/8" wide. We offer a variety of high-quality finishes as well, many of which can be found on our website.

Placing An Order

Whether you are a two-man shop or go through 200 rolls a month, we work with companies of all sizes. For your first order, we recommend calling in - but many of our orders come through our site or email. For credit card purchases, we accept American Express, Visa, Mastercard and Discover. Monthly billing subject to credit application.

Finding Color Matches on Our Website

Our rotating list of in-stock colors is constantly changing, so please visit our PVC edge banding page online. Choose from the top colors we carry from each brand and search by either color name or code. Don't see what you are looking for? Just ask! We partner with multiple suppliers and might be able to find just the color you need.

Custom Runs

Collins Supply can produce a custom PVC run in thicknesses ranging from .018 to 3MM and in widths from 5/8" to 2-1/4". While we can order as little as one roll for you, we only recommend running a custom color if you need at least 3+ rolls. Typical lead time ranges from 3-4 weeks. Need it quicker? Ask about our RUSH program. We can typically expedite a rush order within a week or less.

Special Finishes

See our full collection online. Get the perfect look with a deep embossed pattern match to lines from Uniboard, Tafisa, Wilsonart and more. Our finish selection is constantly expanding to incorporate more textures, gloss and fine velvet finishes.

FAST CAPS PRODUCTS

Quadtrimmer

With its carbon steel or Tungsten Carbide blades, the Quadtrimmer makes trimming your edge banding a breeze! With its ergonomic design, it trims both sides of the edge banding in one pass.

FastCaps Covers

An excellent and clean way to complete your job! Great for covering screw holes, finishing RTA fillings and many other jobs. Stock colors available or let us make custom covers using your edgbanding for an even better look!

Speedtape Double-Sided Peel & Stick Transfer Tape

Speed Tape provides a great way to apply veneer, edge banding or even mouldings. This adhesive strengthens as it cures. Available in 50ft rolls and in four different widths. Great for field work.

FastEdge Peel & Stick Edge Banding

Clean and efficient, PVC or wood peel & stick edge banding can be applied without the use of an edgebander iron. Our tape is waterproof, made from a high performance acrylic and is ideal for field work.
